KINDERGARTEN READINESS

Book List
Greetings!

A huge component of transitioning into Kindergarten is mental preparation. A helpful way to mentally prepare with children is by sharing stories with them.

Our team knows how important this is and wanted to share some of our favorite Kindergarten books with you! Here are some of our favorite books! Please share them with your children and enjoy!

If you are in search of other stories please visit the Cuyahoga County Library or the Cleveland Public Library. The amazing librarians there will be able to assist you with your search.

Happy Reading!

STARTING POINT
All Are Welcome
Alexandra Penfold
